Chromebook Contract

Students are equipped with Chromebooks to use throughout their school day. We expect the Chromebooks to be treated with respect and great care. The CAPS Chromebooks can ONLY be used at school and are the property of the school. A Chromebook is assigned to a student for use in their classrooms throughout the year. Students are also responsible for the proper use of shared technology during their special classes and independent work time.

- Students **are not allowed to download any applications** onto the Chromebook unless authorized by a teacher. (this includes VPNs, music streaming apps, etc.)
- Students who can access the school's network and/or printers can use them for school-related purposes only. The school will not supply software and/or support to enable any other type of access.
- Use of the Internet should not be abused i.e. using YouTube to listen to music etc. (This affects the Internet speed and ultimately affects all other students.)
- Private browsing is not permitted on any form of CAPS technology.
- Students are assigned their own CAPS Chromebook and will travel with it throughout the school day.
- Students will be assigned the **same** Chromebook throughout the remainder of their time at CAPS or until the effectiveness of the Chromebook has expired, whichever comes first – it is in their interest to properly maintain their device.
- Students will be required to keep the Chromebooks in a secure place at all times.
- Students assume all responsibility for the school's Chromebook. This includes damage, theft, and misuse by themselves or someone else. In the event of theft or damage the student will be required to pay for the cost to replace the Chromebook – the cost varies dependent of the age of the Chromebook.

The consequences of infractions may include, but are not limited to:

- Limited use of the computer for a specific period of time
- Suspension of the use of the computer for a specific period of time
- Removal of the computer from a student's possession for a specific period of time
- Payment of damages
- Involvement of law enforcement officers
- Suspension from school

I have read, understand and agree with the above.
